With great delight I take this opportunity to give a short report on what I have been doing in Thailand. All Glory to God.

1. The team continues to go to the street (Slum) to teach English and Bible stories to the children. We have 10-15 children joining us every Saturday. It's such a delight to see children responding positively. They love stories from the Bible and English songs.
Pray that more children will come to learn with us. Pray for breakthrough among the parents.
2. Last Christmas was a busy month for the church and the school. The church went to meet the veterans at the hospital. We sang for them and prayed with them. There was joy in their faces as we interacted with them. Clearly, they were lonely. The school organized Christmas program for the teachers and the students. Pray for the church to grow. Pray for the school as 95% are not Christians.
3. One of the strategies of the church to reach out is through Bible study. One of our friends at the International English congregation who is a new convert will be baptizing this Sunday by our pastor. He comes to Bible study continuously. Pray for him as he starts his new life with Christ, that no temptation will cease him. Pray that we will reach out to more people.
4. There are 4 naga Missionaries serving the Wattana Wittaya English Church, Continue to pray for us as we serve God through the Thai people.

A short message to the youths, Please come and join us even if its for a short term. The need is plenty. The christain schools needs English teachers . For most of the students,the school is the only place they learn about Christ. Come and share the blessings. The CVT (Chritian Volunteers in Thailand) is recruiting people for this purpose,please contact me if you're keen to join. May the Lord speak to each of you in your hearts.

Dear Church, thank you for your continuous support. Your support has brought me come this far. I request the church to continue interceding for the people of Thailand.

~ Mesetshou Losou
